FROM THE PRESIDENT & CEO

## We offer customized energy advice

by **Wayne Miller**  
President & CEO

**ENERGY EFFICIENCY** can be easy. Anyone can work on making small improvements anywhere. However, after you weed through the general low-cost and no-cost solutions, the “one-size-fits-all” information quickly becomes scarce.

The climate zone in which we live dictates lots of things, such as what

kinds of trees we should plant for shade, how much (and what type) of insulation our homes need, and whether an air-source heat pump or a different type of heating and cooling system works best.

Fortunately, because Valley REC is locally owned and operated, we are in a great position to provide you, our members, with targeted advice on how to meet your energy efficiency goals. We can offer you solutions that are customized for your climate and residence because we live here, too, and we're familiar with our region's energy needs and building requirements/recommendations. And the best part is that we can give you all this great information free of charge.

For example, we offer tailored, online home energy auditing software that you can access by visiting [valleyrec.com](http://valleyrec.com) and clicking the Save Energy tab. Through the HomeEnergySuite, you can analyze the energy efficiency of your home or business, get estimates of energy use costs based on your inputs, and perform energy-saving scenarios to pinpoint your opportunities for lowering your electric bills.

For those of you who may not be internet savvy, we have a certified energy auditor on staff who will chat with you over the phone about any efficiency questions you may have. He can also set up an appointment to visit your property and make recommendations on how to improve your home's energy efficiency.

At Valley REC, we understand that knowledge is, well, power when it comes to making positive energy improvements to your home or business. Essentially, the more you know, the more you can save!

No matter rain or shine, cold or heat, we stand ready to help you keep your electric bills affordable. Visit us at [valleyrec.com](http://valleyrec.com) or call 800/432-0680 for more information. 

# We have searched high and low for these consumers ... Will you help us find them?

**LATE LAST YEAR**, more than \$950,000 in capital credits refunds were distributed to eligible members and former members of the co-op.

Since that time, more than 200 of those checks were returned by the post office because of incorrect address information.

We are making every effort to return this money to its rightful owners.

Listed on the following pages are the names of the consumers whose checks

have not been able to be delivered.

If you recognize a name and can provide an up-to-date address (or information about the executor of the estate or nearest relative if the member is deceased), please call us at 814/643-2650 or toll-free 800/432-0680.

You can also write the Capital Credits Department, Valley REC, P.O. Box 477, Huntingdon, PA16652-0477.

Your cooperation is greatly appreciated.

Our **future electric rates** are partially **based on how much power you use** on hot, humid weekdays **between 1 and 6 p.m.** this summer. When you hear an announcement from your local electric cooperative about doing the “Electric Shift,” try these simple steps:

- ▶ Set air conditioners at 78 degrees or use fans instead.
- ▶ Close curtains and blinds to keep things cooler.
- ▶ Operate washers, dryers, dishwashers, stoves and other major appliances in early morning or evening.
- ▶ Minimize the number of times you open your refrigerator and freezer.
- ▶ Cook with an outdoor grill or a microwave oven.
- ▶ Turn off any non-essential lights.
- ▶ Run pool pumps at night.

A Touchstone Energy® Cooperative   
**PEOPLE YOU CAN COUNT ON.™**
